Because who knows what tomorrow will bring 只因為誰也不能預知未來

Have you considered who depends on you today, whether it's for financial support or your professional expertise? The chances are that it's more people than you realise.

您可曾想過，現時有多少人視您的經濟支持或專業技能為依靠？算算看，數目可能比您想像的多。

- Your income may support a household covering the mortgage, education costs and many other expenses.
- You may play a vital role in raising your children and managing the family home.
- You may be a sole trader, partner or controlling shareholder in a business.

These people rely on you today. But have you considered what would happen if you were to die tomorrow?

Whilst many of us are not aware of or do not want to consider this question, protecting those that depend on you today will ensure that they are protected for tomorrow, providing peace of mind and financial security.

- 您可能是家庭經濟支柱，家裡的按揭供款、教育費和其他開支都由您負責。
- 您可能是養育子女和維持家庭運作的支柱。
- 您可能是公司的獨資商人、合夥人或控股股東。

這些人今天都在依靠您，要是您明天不幸身故，情況會怎麼樣？

許多人從未亦不想思量這個問題，不過假如今天能妥善安排一切，為他們提供保障，他們便可擁有穩健的經濟後盾，全無後顧之憂。

You may need life insurance if any of the following apply:

- You're married.
- You have children.
- You're supporting a parent or relative.
- Your pension won't be enough for your family to live on.
- You own, or are a partner in a business.
- Someone else will be legally responsible for a debt if you die.

假如您符合以下條件，便需要人壽保險保障：

- 已婚。
- 育有子女。
- 需供養父母或親屬。
- 一旦身故您的退休金不夠家人維生。
- 您獨資或與他人合夥經營業務。
- 假如不幸身故，他人需負責代您償債。

Providing peace of mind 展望明天 安枕無憂

What is International Term Assurance?

International Term Assurance (ITA) is a level term life insurance policy. Term assurance is regarded as the easiest and most cost-effective way of providing future financial security for your dependants should you die, suffer from one of the defined critical illnesses or become permanently and totally disabled.

If your business lost a key person, it could have a devastating effect resulting in a reduction in sales or a slowdown in production.

As a company director, shareholder or partner, your business is often one of your major assets. It is therefore important to safeguard the ownership of the company so that:

- the remaining partners or shareholders have sufficient funds to buy your share in the business if you die or become critically ill and have to stop working; or
- the purchase of the deceased person's share by somebody who does not act in the best interests of the business is prevented; or
- a lump sum is provided to your dependants for payment of their share of the business.

ITA runs for a fixed period of time (a term). The policy will pay out a cash sum, which is fixed for the term of the policy, if you die, suffer from one of the defined critical illnesses or become permanently and totally disabled. If you survive to the end of the policy term, the premium and cover cease.

甚麼是「國際定期壽險」？

「國際定期壽險」是一套定期壽險保險計劃。假如你想為您保障的家人提供財務保障，投購定期保障計劃是最簡便和富成本效益的方法。即使您不幸身故/患上其中一項計劃訂明的危疾/永久及完全傷殘，他們仍可續享穩定的經濟收入。

如您失去一名核心要員，或會對您的業務造成沉重的打擊，導致銷售額或生產倒退。

作為公司的董事、股東或合伙人，您的業務亦是您其中一項重要的資產。維護公司的擁有權，尤其重要。故此，您應確保：

- 當您不幸身故，或因患上危疾而需退下火線時，其他合伙人或股東有足夠的資金收購您所持有的股權；或
- 避免損害業務利益的人士購入身故者的股權；或
- 為家眷提供一筆現金，以購入業務的股權。

「國際定期壽險」設有固定年期(保單年期)。假如您不幸身故、永久及完全傷殘或確診患上指定的危疾，保單保證賠償一筆現金。這筆款項的金額在保單年期內維持不變。假如您在保單期滿時健在，便無須再繳付保費，保險亦告終止。

Key Risks

- If you stop paying the premiums, the policy and all the benefits provided will cease and we will not refund any of your premium payments.
- The policy has no cash in value at any time.
- If you choose to include critical illness benefit with your policy, the regular premiums for this benefit are reviewable on each fifth policy anniversary. There is no limit to the increase in premiums that may apply. You may not be able to afford the same level of cover after a review, or be able to take out replacement cover.
- This policy includes standard exclusion clauses which mean that we will not pay claims in some circumstances. These are fully outlined in your policy terms and conditions, however, the main reason why a claim will not be paid can be:
 - (1) You do not give us all the information we ask for when you apply for your policy or when you make a claim.
 - (2) You have not paid all the regular premium payments when they are due.
 - (3) The claim arises from intentional self inflicted injury, suicide or attempted suicide.
 - (4) The claim arises from sickness or injury that first appeared, happened or was diagnosed before your policy started, increased or was last reinstated from lapse (unless disclosed to and accepted by us at the time).
 - (5) The claim arises from the life insured's involvement in a criminal act, terrorism, or war or war like operations.
- We may apply specific exclusions to your policy when we accept your application. If we do this we will advise you prior to commencing your policy and give full details in your policy schedule.
- Over time, the effect of inflation may mean that the level of benefits provided by your policy no longer meets your needs. You should review your level of cover regularly to make sure it is still appropriate for you.

What you need to do?

You pay a fixed, regular monthly or yearly premium for the term of the policy. If you stop paying the premiums, your cover stops too. As part of the application process, we ask about your current health, your medical history and your lifestyle.

How much is the policy worth?

Your ITA policy has no cash value. The policy only pays out if you die, suffer from one of the defined critical illnesses or become permanently and totally disabled during the stated term.

- 本保單包括一般不承保事項條款，這代表在特定情況下，我們不會就不承保事項支付保障賠償。在閣下的保單條款與規章內，已詳述該等不賠償事項，不過，閣下亦可從以下知悉不獲賠償的一般原因：
 - (1) 閣下申請保單或索償時並未能足夠提供我們所需資料。

 - (3) 蓄意自我傷害、自殺或企圖自殺所引致的索償。

- 通脹有可能影響保單的保障額能否切合閣下需要。閣下應該定期檢視保障水平，以確保保單的適合性。

您需要做甚麼？

您只需在保單年期內每月或每年支付定額保費。假如您停止供款，保險便會終止。我們於辦理申請時會詢問您目前的健康狀況、病歷和生活習慣。

保單的價值是多少？

「國際定期壽險」並無現金價值，保單只會在您於保單年期內身故、永久及完全傷殘或確診患上指定的危疾的情況下支付賠償。

How do you decide how much you need?

Your relevant financial professional can help you calculate this figure and will take the following into account:

- your income; and
- your monthly living costs (mortgage or rent, food, clothing, transport, etc.); and
- allowances for future expenses such as education costs and settling debts; and
- any costs relating to your death – uninsured medical bills and funeral costs; and
- costs associated with bringing up a child – see illustration below.

When is the best time to take out International Term Assurance?

The answer is simple. If you have identified a need, you should take action now. It may be uncomfortable to contemplate your own death, but the reasons for starting an ITA policy are just as valid now as they will be in the future. In addition, it's likely that the earlier you start your policy the lower the premiums will be.

Ownership

Your ITA policy can be owned by a single person or jointly by two persons (owners must be at least 18 years old). Death benefit is paid on the death of the life insured or in the case of a joint policy, the first insured life to die. Lives insured must be between 18 – 74 years old. However, if additional benefits are requested, the maximum age at entry is 59 years old.

Cost

Your premiums depend on:

- how much cover you need; and
- how long you want cover for; and
- your age and gender; and
- your health and lifestyle, including whether you smoke or not; and
- the benefits you select.

如何釐定適合的保險額？

您的理財顧問可助您根據以下因素計算保險額：

- 收入；及
- 每月生活費用（按揭或租金、膳食、衣服、交通等）；及
- 將來開支撥備，例如教育費及償還貸款等；及
- 不幸身故的相關費用 — 如無投保醫療開支及殮葬費；及
- 養育子女的費用 — 請參閱以下的說明例子。

應在何時投購「國際定期壽險」？

答案很簡單，只要察覺到有需要，便應立即投保。一般人也不願意設想自己的死亡，可是要投保「國際定期壽險」只是遲早的事，那為甚麼不及早安排？及早投保的話，您更有機會享受較低廉的保費。

擁有權

您可以個人名義或與另一位人士聯名（計劃持有人必須年滿18歲）開設「國際定期壽險」。若受保人身故，或聯名保單的第一受保人身故，保單便會支付死亡保障。受保人年齡必須界乎18至74歲。如申請附加保障，申請時受保人的最高年齡則為59歲。

費用

您的保費將視乎：

- 壽險保障額；及
- 保單年期；及
- 您的年齡和性別；及
- 您的健康狀況和生活習慣，包括是否吸煙；及
- 您選擇的保障。

Additional benefits

附加保障

You have the flexibility to add any combination of the following benefits to your ITA policy, as we realise that providing protection in the event of your death may not cover all the eventualities you wish to protect yourself and your dependants from.

- **Critical illness benefit**
- **Permanent and total disability benefit**
- **Waiver of premium benefit**

Critical illness benefit and permanent and total disability benefit are offered as advanced payments of the life cover sum insured. The following example shows how the benefits interact with each other on ITA:

您可靈活地附加下列任何的附加保障於您的「國際定期壽險」保單內，因為我們明白單靠人壽保險，未必全面照顧到您和家人的所有需要。

- **危疾保障**
- **永久及完全傷殘保障**
- **豁免保費保障**

危疾保障和永久及完全傷殘保障的作用是提早支付「國際定期壽險」的部分壽險保障額。以下的例子說明三項附加保障如何令「國際定期壽險」的保障更完善。

Mr. & Mrs. Lee take out a 20-year ITA policy with the following benefit options:
李先生及李太太一同投保了20年「國際定期壽險」計劃及附加了以下附加保障：

Benefits covered 已選保障	HKD 港元
Life cover 壽險保障	15,000,000
Critical illness benefit 危疾保障	5,000,000
Permanent and total disability benefit 永久及完全傷殘保障	3,500,000
Waiver of premium benefit 豁免保費保障	Both lives are insured 兩位均為受保人

Five years into their policy term, Mr. Lee is diagnosed with a terminal illness and makes a claim. As there is more than 18 months to run on the policy, he receives the maximum terminal illness payment of HKD 7,500,000. Once the claim is paid, the benefits on the ITA policy are reduced as follows:

在保單生效的第五年，李先生確診患上末期疾病及提出索償。由於剩下的保單年期超過18個月，他可領取7,500,000港元的最高賠償額。當他領取賠償額後，「國際定期壽險」的保障將減至如下：

Benefits covered 已選保障	HKD 港元
Life cover 壽險保障	7,500,000
Critical illness benefit 危疾保障	5,000,000
Permanent and total disability benefit 永久及完全傷殘保障	3,500,000
Waiver of premium benefit 豁免保費保障	Both lives are insured 兩位均為受保人

Five months later, Mrs. Lee is diagnosed with a critical illness and this illness leaves her permanently disabled. She is able to claim under **both** critical illness benefit and permanent and total disability benefit, but the total for both of these claims cannot exceed the remaining life cover amount on the policy – HKD 7,500,000. Once the claims are paid and the life cover amount is fully extinguished, the policy ends and all benefits cease.

五個月後，李太太確診患上危疾以致永久傷殘。她可從危疾保障和永久及完全傷殘保障中獲得賠償，唯危疾保障和永久及完全傷殘保障的總索償金額不可超過餘下的7,500,000港元壽險保障金額。當全數賠償壽險保障後，保單及所有保障將一同終止。

The number of hospitalisations due to critical illnesses (suffering from cancer, cerebrovascular disease, ischaemic heart disease, end stage renal failure, chronic lung disease or diabetes mellitus) reached over 1.8 million during 2008–2012 in Hong Kong.
於2008至2012年期間，香港有超過180萬人次因危疾（包括癌症、腦血管病、缺血性心臟病、末期腎衰竭、慢性肺病或糖尿病）而入院。

Critical illness benefit

What does it do?

It pays you a lump sum if you are unfortunate enough to be diagnosed with one of the defined illnesses or disabilities covered by your policy (including cancer, heart attack and stroke) which could have a severe impact on your lifestyle.

Critical illness benefit is perfect if you have financial commitments that would need to be honoured if you are diagnosed with a critical illness. Consider the likelihood of a reduced income whilst you are recovering from a critical illness. It's likely you will need an extended period off work and when you do return, if indeed you are able to, you may have to work fewer hours.

Critical illness benefit can help ensure that you will have sufficient money to pay for the care you need including hospital or nursing costs, or other expenses such as your mortgage. Are you planning to start a family, or do you already have one? Then what about child care, education costs and so on?

危疾保障

危疾保障有甚麼作用？

假如您不幸患上計劃訂明的疾病或殘疾（包括癌症、突發性心臟病及中風），以致生活嚴重受到影響，我們會提供一筆整付賠償。

假如您有某些財務負擔，即使患上危疾亦需繼續履行，那危疾保障便最適合您。試想假如您患上危疾後大病初癒，收入大幅下降，而且需要長時間休養後才可以恢復工作，並且或需縮短工作時間。

危疾保障可確保您擁有足夠金錢支付住院或護理等醫療費用，以及其他開支如按揭供款等。您是否正準備組織家庭，又或者已經有子女？那小孩子的日常支出、教育等開支又該怎樣打算？

Permanent and total disability benefit

What does it do?

Permanent and total disability benefit provides a lump sum if an illness or accident leaves you permanently unable to return to work.

It's hard to imagine becoming disabled, and harder still to imagine a disability lasting longer than a few weeks. But serious disabilities can last years or even a lifetime. It can therefore seriously threaten your finances if you do not have insurance.

How does permanent and total disability benefit differ from critical illness benefit?

Permanent and total disability benefit pays out on any condition that leaves you unable to work for the rest of your life, rather than paying out for specific conditions. You do not necessarily have to be suffering from a serious illness; a significant bodily injury may result in you being in a position where you can claim.

Waiver of premium benefit

What does it do?

Waiver of premium benefit ensures your policy and the cover it provides continues when you need it most. This option will waive premiums for the life or lives insured (for all benefits under your policy), provided that you are totally incapacitated by illness or accident before age 79.

Summary of benefits

Whether you choose critical illness benefit, permanent and total disability benefit or waiver of premium benefit, they will apply for the duration of the policy term. For joint life policies, cover must be for the same amount for both lives. Once the policy is issued, the benefits cannot be removed.

In the event of death, critical illness benefit or permanent and total disability benefit, the benefit payment will be a single lump sum in the currency requested by the claimant.

Please refer to the ITA policy terms and conditions for full details of critical illness benefit, permanent and total disability benefit and waiver of premium benefit.

永久及完全傷殘保障

永久及完全傷殘保障有甚麼作用？

假如受保人因疾病或意外導致永久及完全傷殘而無法再工作，我們會提供一筆整付賠償。

您大概不曾想過自己會傷殘，短短幾星期行動不便已是很難想像，更莫說長期傷殘。然而嚴重傷殘往往會為時多年，甚至終身。假如缺乏保險保障，一旦遭逢不幸，經濟便即時陷入困境。

永久及完全傷殘保障與危疾保障有何不同？

若因任何傷病引致終身無法再工作，永久及完全傷殘保障便會支付賠償。本項保障並無針對特定傷病，因此若受保人並非患上指定的嚴重疾病或蒙受嚴重身體損傷，亦可索償。

豁免保費保障

豁免保費保障有甚麼作用？

豁免保費保障確保您的保單，以及所提供的保障，在您最需要它的時候繼續運作。如受保人於79歲前因疾病或意外而完全失去行為能力，此保障即可豁免受保人（為保單內的所有保障）繳付所需的保費。

保障摘要

無論您選擇附加危疾、永久及完全傷殘或豁免保費保障，附加保障均會在保單年期內生效。聯名計劃中的兩名受保人的保障必須相同。保單一旦簽發，便不可取消附加保障。

受保人身故時，危疾或永久及完全傷殘保障的賠償會以保單持有人指定的貨幣一筆整付予索償人。

有關危疾、永久及完全傷殘及豁免保費保障詳情，請參閱「國際定期壽險」保單條款與規章。
